UPDATE ON SURREY HEARTLANDS
Surrey Heartlands began as an STP (Sustainability and Transformation Partnership) 2 years ago and has progressed since then to integrate the 3 Clinical Commissioning Groups (Guildford and Waverley, Surrey Downs and North West Surrey) into an Integrated Care System (ICO) with Surrey County Council.

The CCGs have worked together to jointly commission new services including in the current procurement of Wheelchair Services and NHS 111 and Out of Hospital Urgent Care services. They are now integrating leadership roles in communications and engagement and the new Engagement lead is Liz Patroe, with whom we are already working closely to ensure the involvement of disabled people and those with long term health conditions in their future plans for health and social care services.

Health and Social Care plans for people in Surrey Heartlands
Following public engagement about their draft Strategic Plan, Surrey Heartlands have now produced a report on engagement outcomes - use this link: https://www.surreysays.co.uk/deputy-ceo/commissioning/

They are now developing Integrated Care Partnerships in each of the 3 CCG areas to involve Providers and the Voluntary, Community and Faith sectors in developing more local plans for integrating health and social care.

A NEW VISION FOR SURREY
The new Surrey County Council Chief Executive, Joanna Killian, has been leading work to reshape SCC’s overall vision for Surrey and how we all work together. This is now live on the Council’s website: http://tinyurl.com/yb5t47bx. This vision was approved by the Council on 22nd May, and plans are being made for engagement events to help develop the vision with partners, staff, residents and other key stakeholders. The first engagement events for the Voluntary, Community and Faith sectors are being held on 6th and 9th July. We are determined to work closely with Joanna and all our partners to help shape a better future for us all.

Vivienne Langhorn from MindMatters (run by SABP), one of 7 Psychological Therapy Providers (IAPT) in Surrey, gave a very helpful presentation on behalf of all providers on the range of services they offer.

The Group were particularly keen to know about the recent extension of IAPT service to include people with long term health conditions as well as those with solely a mental health issue. The meeting was attended by Liz Patroe, recently appointed Engagement Lead for all 3 Surrey Heartlands CCGs, who is kindly taking forward two main actions:

- To ensure people with neurological conditions can access IAPT services, and
- To ensure all IAPT Providers offer the option of an SMS text facility as well as telephone for people wishing to self refer for therapy

The Group also heard of progress in training fitness instructors about neurological conditions which they have been working on with Active Surrey. Further information was shared about 2 other physical activity initiatives for older and disabled people called OOMPH and OTAGO (see Page 4 for more details).

The Group plan to look at Community Equipment and home adaptations, including disabled facilities grants (DFGs) at their next meeting on 14th August. If you would like to join please contact Yasmin Broome: Tel/Text 07455 267424, or email Yasmin.broome@surreycoalition.org.uk

WHAT MEMBERS HAVE BEEN DOING

COMMUNITY HEALTH SERVICES IN SURREY DOWNS

Surrey Downs are engaging with local people to co-design the detailed provision of new community health services for their area which will be provided from 1st October 2018 by a partnership called the Integrated Dorking, Epsom and East Elmbridge Alliance (IDEEA).

They discussed this with members of the Mid Surrey Disability Alliance Network in May and are now setting up a co-design panel with patients who are represented by our Co-Chair Nick Markwick, who receives community services himself.

See Page 12 for more about how you can also get involved.

LOCAL VALUING PEOPLE GROUPS

The 4 local Area Valuing People Groups met during April and May to share issues for people with learning disability between partners in the voluntary and public sectors.

They discussed matters such as:

- **Self Advocacy** and the new idea of “**Peer Coaches**” whereby one person could help another to be more confident and do things for themselves. The ‘coach’ would have experience of support services themselves so would know what they are like. People interested in becoming a volunteer to help with this project please contact Rebecca Brooker: Tel./Text 07772901950 or email: Rebecca.brooker@surreycc.gov.uk

- **Dramatize Theatre Company** who help people with learning difficulties tell their stories through theatre and film

- **New courses**, such as cooking and computing courses in Molesey, Camberley and Woking, provided by the Henrietta Parker Trust

All the Area Groups would like more people with a learning disability and their carers to join them.

Please contact Angie: angie.taylor@surreycoalition.org.uk or Tel/Text 07908 146167 for more information and if you would need transport or support to attend a meeting.
WORKING WITH SURREY POLICE

We continue to work and support Surrey Police to provide the best possible service for disabled people. Some of the recent projects are:

SURREY POLICE DISABILITY WORKING GROUP
(which includes Surrey Coalition representatives) have created a new community engagement plan which provides details of local disability support groups with which Police Officers can engage. The plan is to be rolled out across Surrey and visits are to be coordinated by borough Police Inspectors. The idea is to encourage engagement and trust between community groups and Surrey Police, particularly Disability Support Officers (DSOs) and Police Community Support Officers (PCSOs).

STOP HATE UK
Surrey Police are now members of Stop Hate UK a leading national organisation working to challenge all aspects of hate crime. The organisation allows members of the public to report anonymously and seek extensive additional support. Further details of Stop Hate UK can now be found on the Surrey Police website: https://www.stophateuk.org/

HATE CRIME TRAINING
All Area Patrol teams within Surrey Police have attended learning disability and autism hate crime training with Waymarks and Dimensions, supporting the #ImlwithSam campaign. The training days explore what it means to have a learning disability and to be autistic, alongside raising awareness of communication methods and how to prevent these types of hate crime.

DISABILITY TRAINING FOR FRONT COUNTER STAFF
Jenny Teagle, our qualified Access Auditor has been commissioned by Surrey Police to provide training for staff working at Police Station front counters. This follows her recent access visits to check on all access issues.

DISABILITY CONFIDENT SCHEME
Surrey Police have signed up to the national Disability Confident Scheme for business and are proud to have achieved accreditation. As part of the scheme Surrey Police will continue to challenge attitudes towards disability, increase understanding of disability, remove barriers, and ensure that disabled people have opportunities to fulfil their potential and achieve their aspirations.
WORKING WITH SURREY POLICE

BSL VIDEOS

Surrey Police have been working on BSL videos which are to be uploaded onto the Surrey Police website and officers mobile data terminals so that officers can use them when out and about.

- Surrey Police are also working on a video that can be used in Custody to inform detainees that they are being cautioned.

The new service will be called the Integrated Dorking, Epsom and East Elmbridge Alliance (IDEEA) and the Panel is being coordinated by Caroline Sargeant at Surrey Downs CCG.

Initially the Panel will be asked to review documents, including newsletters and leaflets, and to do so remotely either online or with paper copies. There will also be occasional workshops to help design the actual service. The first workshop is planned for Wednesday 11th July.

If you use Adult Community Health services including Community Nursing and the Community Hospitals, and would like to get involved, email caroline.sargeant@nhs.net, or Tel.: 01372 201 523, Text 07500 103 034
